

ABG 2870

ASPHALT PAVERS WHEELED

EU STAGE V

Talented all-rounder

- Quiet and clean: low noise, low emissions
- Single or dual conveyor configurations
- Individually operated hopper wings
- 2-meter turning radius
- 9-tonne hopper capacity
- 110-liter fuel tank capacity

High uptime, low costs

- Easy battery access, with external panel for jump starting
- 3 lubricating points = low daily maintenance
- Maintenance-free bearings for conveyor
- Diesel Particulate Filter with no SCR and no AdBlue
- CareTrack telematics system
- VB40 with lifetime lubricated tamper and vibration bearings

Comfort and convenience

- Fully adjustable operator station
- All-weather roof, electro-hydraulic foldable, integrated sound insulation
- New storage areas
- EPM3: intuitive controls from bigger pavers, Settings Manager
- Glazed sides (option)

The wheel deal

- 6x4 wheel drive
- Ride levellers, individual hydraulic suspension of each front wheel*
- 16 km/h transport speed

**AN ABG EXCLUSIVE FEATURE*

The screed you need

- New VB40 screed: pave from 1.8–4.5 meters
- Variomatic VB30 screed: 1.5–4 meters
- Slim hydraulically controlled end gates (VB40)
- Fully adjustable screed console

ABG 2870

EU Stage V

ENGINE		ABG 2870
MANUFACTURER		Kubota
MODEL		D3.8H
FUEL		Diesel
OUTPUT	kW	55.4
	hp	75.3
AT ENGINE SPEED	r/min	2 200
COOLANT		Liquid
FUEL TANK CAPACITY	l	110
EXHAUST EMISSION		EU Stage V

PAVING

OUTPUT (THEORETICAL)*	t/h	330 with single conveyor 230 with double conveyor
MAT THICKNESS (MAX)	mm	250

*The actual paving output depends upon the mat thickness, the paving width and paving speed and will vary according to paving conditions prevailing on your jobsite.

SPEED

PAVING (MAX)	m/min	20
TRANSPORT (MAX)	km/h	16

PROPULSION

DRIVE UNITS REAR	no.	2
DRIVE UNITS FRONT	no.	2

WHEEL/TIRES

REAR WHEELS

TYPE		PNEUMATIC TYRES
NUMBER	no.	2
DIMENSION		365 / 80 R20

FRONT STEERING WHEELS

TYPE		ELASTIC TYRES
NUMBER	no.	4
DIAMETER	mm	457
WIDTH	mm	229

CONVEYOR

HOPPER CAPACITY	t	9
NUMBER OF CONVEYORS		1 or 2
CONVEYOR SPEED (MAX)	m/min	17.9

AUGER

NUMBER OF AUGERS		2
SPEED (MAX)	1/min	72
DIAMETER	mm	300

DIMENSIONS

		ABG 2870
LENGTH WITH VB 40 SCREED (WALKWAY UP)	mm	4 871
LENGTH WITH VB 30 SCREED	mm	5 300
WIDTH	mm	1 740
HEIGHT	mm	3 994
HEIGHT (TRANSPORT)	mm	2 899

WEIGHT

TRACTOR UNIT	kg	7 635
--------------	----	-------

Approximative weight, without options.

Tyres filled with water,diesel tank half-full, 75 kg operator, standard hopper and weather roof included.

MAX. ALLOWABLE GRADEABILITY

TRACTOR UNIT + SCREED	%	36
-----------------------	---	----

When using extensions the max. allowable gradeability will be reduced.

SOUND LEVEL

L_{pA} Sound Pressure Level at Driver's Ear, acc. to ISO 11201	dB	85
L_{WA} Guaranteed Sound Power Level, acc. to Directive 2000/14/EC	dB	106

VIBRATION

HAND-ARM VIBRATION accord. to ISO 5349:2001	m/s ²	<2.5
WHOLE BODY VIBRATION accord. to ISO 2631:1997	m/s ²	<0.5

ELECTRICAL SYSTEM

BATTERY VOLTAGE	V	24
-----------------	---	----

OPERATING WEIGHTS* OF SCREEDS IN KG AT WORKING WIDTH

ABG 2870	3.5 m	4.0 m	4.5 m
VB 40 ETC MIN Mechanical crown control and standard end-gates	1 638	1 977	2 186
VB 40 ETC MAX Hydraulic crown and hydraulic end-gates	1 720	2 058	2 267

* Including auger extensions, channel plates, end-gates.

EQUIPMENT

STANDARD EQUIPMENT

Engine

- Kubota Diesel engine, EU Stage V

Drive

- Electronic drive control
- Independent rear wheel drives
- Driven front axle
- Hydraulic ride levelers
- Load dependent efficient drive system
- Active steering
- Rear wheels without ballast

Material management

- Proportional conveyor control
- Reversible direction of auger rotation
- Single conveyor
- Mechanical auger height adjustment
- Oscillating cross xbeam with two mounting positions
- 160mm push roller

Electronics

- Electronic Paver Management (EPM 3)
- Settings Manager
- Service interval manager
- Adjustable and slideable control station

- Two adjustable and revolving screed control panels
- Battery master switch
- Electric switching cabinet
- Back-up alarm
- Tool kit
- MATRIS support

Structure

- Manual folding all-weather roof Glass-fibre Reinforced Plastic (GRP)
- Two swing out seats
- Storage compartment under weather roof
- Near field mirrors at weather roof
- ABG Key

Screed

- VB40 ETC 1.80–3.50m
- Mechanical crown adjustment
- Screed lock
- Split towing arms

Lights

- Operator's platform lighting
- Home light function
- Environmental
- Sound insulation for engine compartment and operator station

OPTIONAL EQUIPMENT

Material management

- Two independent conveyors
- Reversible conveyor
- Individual operating hopper wings
- Mechanically operated front apron
- Hydraulically operated front apron
- Push-roller D160 plus 100mm more space
- Hydraulic end-gates (VB40)
- Hydraulic heated end-gates (VB40)
- Hydraulic crown adjustment
- Paving width reduction
- Edging shoes 3/5/7/12 cm

Lights

- Basic kit halogen lights
- Basic kit LED lights
- Full night kit LED
- Warning beacon LED
- Road travel lighting right-hand traffic
- Road travel lighting left-hand traffic

Electronics

- Lateral emergency stop
- Additional socket 230V 50Hz
- Traction isolator switch
- CareTrack GSM | Satellite

Levelling equipment

- Case for control panels

Structure

- Deluxe seats with heating and USB charger
- Electrohydraulic powered weather roof
- Seat side windshield

Screed

- Screed anti-climbing lock
- Screed Assist

Environmental

- Extractor for bituminous fumes for with and without roof
- Integrated emulsion spraying system with hose reel
- High performance spray cleaning unit
- Biodegradeable hydraulic oil and Bypass filter

Miscellaneous

- Homologation Italy
- Ballasted rear wheels
